

■ APIHawk Security Assessment Report

Project: Digital Health Gateway
Scan ID: API-2026-001
Generated: 26 June 2026 09:59 PM
Version: APIHawk v1.0

Executive Summary

APIHawk analyzed the API specification and identified Shadow APIs, Sensitive Endpoints, and overall HIGH security risk. Immediate review is recommended.

Metric	Value
Total APIs	6
Shadow APIs	2
Sensitive APIs	2
Risk Level	HIGH

Security Recommendations

- Remove undocumented Shadow APIs.
- Protect sensitive endpoints using strong authentication.
- Enable API rate limiting.
- Keep Swagger documentation updated.
- Perform regular security assessments.
